

Hello Racers!

Planning is underway for the SELCO Pole Pedal Paddle on May 16th.

We are hoping that with the 4 week ban on large gatherings, this will help contain the virus. We are forging ahead! If we are forced to make a change we will credit your race entry for next year. But we are moving forward with all of our plans to have a great race.

We are also extending the late fee sign up to May 1st opposed to the fee going up on April 10th.

So keep training!
